

## Powertex Chain Sling G10 in Box PCSB-A-026

### Product information

### **POWERTEX**

Our smart chain sling system in Grade 10 consists of 1-leg and 2-leg slings that can be used directly from the box.

The smart slings can instantly be combined on the crane hook to lift loads that require 3 or 4 legs to be used.

#### Features:

- Multifunctional chain slings Grade 10 packed in box having all necessary markings and documents and ready for use
- The smart stainless steel sling tag gives information of the WLL for the sling as configured, but also when used in any 1-4 leg PCSB combination
- Two 1-leg or 2-leg PCSB slings can easy and safely be combined on the crane hook to perform 2-leg, 3-leg and 4-leg lifting operation thanks to the smart sling tag
- 2-leg slings can also safely be used in a 1-leg lifting operation as adequate information is given on the smart sling tag (Non-used leg should be hooked to the master link to avoid snagging)
- +25% higher lifting capacity (WLL) compared to standard Grade 8 slings
- Light weight thanks to the smart, multifunctional top components
- Cost effective compared to conventional slings thanks to use of multifunctional components
- Shortening function is integrated in the master link connector allowing the chain legs to be adjusted instantly
- Shortening can be made from either side of the shortener which is a safety advantage compared to shortening clutch.
- No reduction of WLL when shortening the chains thanks to the well. ... [Read more](#)

**Material:** Quenched and Tempered Alloy Steel of Grade 10 quality

**Marking:** According to standard, CE-marked, WLL, Chain size, Length, Grade 10, Serial number, MFG date, QR code leading to user manual

**Temperature range:** -40°C up to +200°C without reduction of WLL

**Finish:** Painted blue

**Standard:** EN 818-4

(+ 25% WLL) and ASTM A973

**Safety factor:** 4:1

**Grade:** 10
